Important plan update effective January 2027

Starting **January 1, 2027**, your current Aetna® Medicare Advantage plan with prescription drug coverage will become two separate plans, one for medical coverage and one for prescription drug coverage.

Your medical benefits will still be provided by Aetna® Medicare, just like today. However, your prescription drug coverage will now be administered by Aetna Medicare Rx® offered by SilverScript®. The plan is offered by SilverScript Insurance Company, which, like Aetna, is affiliated with CVS Caremark®.

Why?

Because of changes from the Centers for Medicare & Medicaid Services (CMS), your employer now offers two separate plans, one for medical coverage and one for prescription drug coverage. This ensures you continue to receive comprehensive benefits as a member.

Take some time to review the enclosed materials. Included in this packet are important plan documents for your medical and prescription drug plans that explain what you need to do and how your coverage is structured.

What you should know

No break in coverage
Your enrollment in the Aetna Medicare℠ Plan (PPO) with extended service area (ESA) with prescription drug coverage plan will end on **December 31, 2026**. Your coverage in the Aetna Medicare Plan PPO ESA and Aetna Medicare Rx offered by SilverScript® plans will begin on **January 1, 2027**. Consider refilling your medications before your new plans start to make sure you have enough medication during the transition.

Active prescription drug prior authorizations for medication will transfer
To help ensure your smooth transition to the **2027** plan year, we'll transfer all of your active eligible prescription drug prior authorizations.

Two ID cards
For 2027 you'll have two new member ID cards, one for medical and one for prescription drug coverage. You need to take both with you to the doctor, hospital and pharmacy.

Two plan portals
For 2027, you'll manage your prescription coverage through **Caremark.com** starting **January 1, 2027**. This is in addition to managing your medical coverage through **Health.Aetna.com**

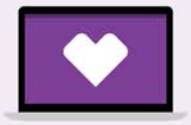

What you should do

1. **Read this packet**
   It contains your new plan documents and important things you should know.
2. **Use your new ID cards** beginning **January 1, 2027**. Take both of them with you to the doctor, hospital and pharmacy.
3. **Register** for **Caremark.com** with your new prescription member ID card. You'll manage your prescription coverage at **Caremark.com**. If you've created an account within the past five years, you can log in using your existing account.

You'll be automatically enrolled

Although medical and prescription drug are separate plans, they are offered together. If you choose to opt out of one, you will be disenrolled from both. This will cancel your coverage through New Castle County Government. If you wish to opt out of the new plan, you must do so by November 13, 2026. Call New Castle County Government at **1-302-395-5180 (TTY: 711)**, Monday–Friday, 9 AM–3 PM ET.

If you opt out, you'll lose all coverage through New Castle County Government.

2027 coverage updates

There are some updates to your coverage for the upcoming plan year in addition to having two separate plans. Changes like these are routine and generally happen each year due to updates from the Centers for Medicare & Medicaid Services (CMS). They may also reflect updates from your former employer, union or trust.

Your medical and prescription drug Summary of Benefits are included in this packet. They include information about formulary, network and benefit coverage.

Medical coverage (Medicare Part C)	
Deductible	Your deductible will remain the same.
Maximum out of pocket This is the most you will pay out of pocket for your covered medical services.	Your maximum out-of-pocket cost from network and out-of-network providers combined will remain the same.
Primary care office visits	The cost share for primary care office visits will remain the same.
Specialist office visits	The cost share for specialty office visits will remain the same.
Inpatient hospital stays Includes inpatient acute, inpatient rehabilitation, long-term care hospitals and other types of inpatient hospital services. Inpatient hospital care starts the day you're formally admitted to the hospital with a doctor's order. The day before you're discharged is your last inpatient day.	The cost share for inpatient hospital stays will remain the same.

Prescription coverage (Medicare Part D)	
Network	This plan uses your current network; however, each year there may be changes within the network. You can find updated pharmacy directory information using the pharmacy locator at **AetnaRetireePlans.com**
Formulary	This plan uses your current formulary; however, each year changes to this drug list may occur. This could include removing or adding drugs, changing the restrictions that apply to our coverage for certain drugs or moving them to a different cost-sharing tier. You can review the drug list at **AetnaRetireePlans.com**
Deductible	You will continue to have no deductible.
Annual out-of-pocket limit Maximum amount you pay out of pocket for covered Part D drugs.	The annual out-of-pocket limit will increase to **$2,400** in **2027** from **$2,100** in **2026**.
Cost shares	The cost share for each tier will remain the same as your current plan.

No disruption. Just continued support.

Your existing benefits continue without interruption and at no additional cost, including:

Resources For Living® program

The Resources For Living program can connect you with services and resources in your own community that can help make daily life easier and more manageable. They can help address needs such as social isolation, food insecurity, financial assistance, in-home services and transportation. There's no cost to call Resources For Living — you only pay for the costs (if any) of services you use.

Healthy Home Visits

The Healthy Home Visit (HHV) is a visit with a licensed provider through Signify Health® who will come to your home or see you virtually (online). They can discuss any health concerns, complete a fall risk assessment, recommend screenings and create a personalized care plan. The HHV is included with your plan each year at no added cost.

24-Hour Nurse Line

Sometimes you need a quick answer to a health question. With the 24-Hour Nurse Line, you can speak to a registered nurse about a variety of health topics, whenever you need to. And you can call as many times as you need, at no added cost to you.

Nurse care advocacy

Personalized nurse support is available if you need help managing a chronic condition or are facing a serious medical issue. Our goal is to give you tools to help you take control of your health, manage your conditions, and navigate a complex health system.

Virtual care

Telehealth: Get nonurgent care on your phone, computer or tablet. Contact your doctor or walk-in clinic to learn more.

Teladoc® Health: Connect with a Teladoc Health primary care provider by web, phone or mobile app from anywhere for nonemergency medical needs. Whether you choose telehealth or Teladoc Health, you're covered for many nonemergency medical needs, such as cold and flu symptoms, allergies, skin problems and prescription refills.

Frequently asked questions

Why am I receiving coverage through two plans?

Because of changes from the Centers for Medicare & Medicaid Services (CMS), your employer now offers two separate plans, one for medical coverage and one for prescription drug coverage. This ensures you continue to receive comprehensive benefits as a member.

Can I opt out of the separate plans?

Although medical and prescription drug are separate plans, they are offered together. If you choose to opt out of one, you will be disenrolled from both. This will cancel your coverage through your former employer, union or trust.

Will I receive a new ID card?

Yes, you will receive two new ID cards. One for medical and one for prescription drug coverage. Both are required at the doctor, hospital and pharmacy. They will come separately in the mail. If you don't receive your new ID cards by your effective date, please contact us.

When do I need to start using my new cards?

Start using your new cards on your effective date.

Why are some drugs covered under Part D and others under Part B?

Coverage depends on the medication and how it is used. Some drugs may be covered under either Part B or Part D based on the medical condition being treated, and the pharmacy may need to determine the appropriate coverage. Generally, Part B covers drugs administered through durable medical equipment (DME), such as a nebulizer or insulin pump, while Part D covers most self-administered prescription drugs, such as inhalers and insulin used with pens or syringes. Vaccine coverage also varies between Part B and Part D. To learn whether a drug is covered under Part D, refer to the plan's Part D Drug List (Formulary) or contact the number on the back of your current Aetna® member ID card.

Why do I need to use both my ID cards at the pharmacy?

Some drugs are covered by different parts of Medicare, depending on the medical condition. You'll need your new prescription drug ID card with the SilverScript® logo for Part D drugs, which are covered under your prescription plan. You'll need your new Aetna® Medicare card for Part B drugs, which are covered under your medical plan. Your pharmacist may ask for both.

What happens if I accidentally use my old ID card?

Your medical member ID number isn't changing, but other information on the card is. You won't be able to fill your prescription medications using your old card. And medical claims could be delayed or denied if you use your old card after your effective date.

Can I still use my current pharmacy?

You may use any network pharmacy. However, the pharmacies within the network can change. Starting October 1, visit our pharmacy directory at **http://AetnaRetireePlans.com** to see if your pharmacy will be participating with us in the new plan year.

Will my access to doctors and hospitals change?

No, your current access won't change. As provider contracts do change, it's important you give your provider your new medical ID card so they can confirm they still accept your plan.

Are my prior authorizations for medication affected?

No. To help ensure your smooth transition to the new plan year, we'll transfer all of your active eligible prior authorizations for medication. If you have questions about your medication or prior authorizations, call us at **1-800-307-4830 (TTY:711)** 8 a.m. to 9 p.m. EST, Monday through Friday.

Will I need to get new prescriptions?

No, you should not need a new prescription for current medications with remaining refills.

Do I still manage my prescriptions at Health.Aetna.com?

Starting on your effective date, you'll be able to conveniently manage your prescriptions at **Caremark.com**. This includes refills, viewing your Explanations of Benefits (EOBs) and checking the price of a drug.

You can register after you receive your prescription ID card. If you've created an account within the past five years, you'll use the same account information.

You will only be able to view past prescription claim information at **Health.Aetna.com** starting on your effective date.

Who do I call with questions about my coverage?

You can call **1-800-307-4830 (TTY:711)**, 8 a.m. to 9 p.m. EST, Monday through Friday, if you have questions.

Plan Costs

This section includes information about your monthly premium, annual deductible (if any), and cost-sharing amounts during the Initial and Catastrophic Coverage Stages for Aetna Medicare Rx offered by SilverScript.

Monthly Premium

Your coverage is provided through a contract with your former employer/union/trust. Your plan benefits administrator will let you know about your plan premium, if any.

Medicare Part D Drug Payment Stages

All Medicare Part D prescription drug plans have drug payment stages where drug costs may vary. You move through each stage based on the amount either you or the plan spend on prescription drugs. See the following section for information on the Medicare Part D drug payment stages. The Part D *Explanation of Benefits (EOB)* and other plan materials include additional information on the three drug payment stages.

Stage 1: Deductible Stage

Because you have no deductible, this payment stage does not apply to you.

Stage 2: Initial Coverage Stage Cost Sharing

During the Initial Coverage Stage, you pay a portion of your drug costs, and the plan pays its portion. The following tables show what you pay until your out-of-pocket covered Part D drug costs reach $2,400. You may get your drugs at network retail pharmacies or through the mail-order pharmacy.

Tier 4: Non-Preferred Drug	$200	$200	$200
Tier 5: Specialty	N/A	N/A	N/A

You pay no more than $35 for a one-month supply and no more than $105 for up to a 90-day supply, of each covered insulin product regardless of the cost-sharing tier.

Please Note: Our plan, in some instances, combines higher-cost generic drugs on brand tiers. Refer to the Drug List to determine the tier of coverage for each drug you take.

Stage 3: Catastrophic Coverage Stage Cost Sharing

During this payment stage, you pay nothing for your covered Part D drugs.

Who can join?

To join Aetna Medicare Rx offered by SilverScript, you must be eligible for coverage provided by New Castle County, be entitled to Medicare Part A and/or be enrolled in Medicare Part B, be a United States citizen or national, or an eligible noncitizen and live in our service area. Aetna Medicare Rx offered by SilverScript is available in the United States and its territories.

Which drugs are covered?

To find out if your drug is on the formulary (list of Part D prescription drugs) or about any restrictions, view your formulary online at AetnaRetireePlans.com, select Plan Type of PDP and the formulary name noted in the chart above. You may also request a copy of the complete plan formulary by calling Customer Care at 1-888-267-2637, 24 hours a day, 7 days a week. TTY users call 711.

Aetna Medicare Rx offered by SilverScript does not cover prescription drugs that are covered under Medicare Part B as prescribed and dispensed. Generally, we only cover prescription drugs, vaccines, biological products, and medical supplies that are covered under the Medicare Part D prescription drug plan benefit and that are on our drug list.

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include step therapy, prior authorization or quantity limits.

For more information about your share of the cost or which prescription drugs may or may not be covered, please call Customer Care.

How will I determine my drug costs?

Aetna Medicare Rx offered by SilverScript groups each medication into one of five tiers. Use your formulary to find out the tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier, which coverage stage you're in, and what pharmacy you use. As you move from stage to stage, the amount you and the plan pay for your drugs may change. If the actual cost of a drug is less than the normal copayment for that drug, you will pay the actual cost, not the higher copayment or coinsurance.

Which pharmacies can I use?

More than 60,000 pharmacies with over 20,000 preferred pharmacies nationwide make up the pharmacy network. These include retail, mail-order, long-term care and home infusion pharmacies. To find a network pharmacy near your home or where you are traveling in the United States or its territories, call Customer Care, or visit Caremark.com.

You generally must use a network pharmacy in order to receive full benefit coverage on your prescriptions. You may get drugs from an out-of-network pharmacy in an emergency, but you may have to pay the full cost (rather than your normal share of the cost) at the time you fill your prescription. If you use an out-of-network pharmacy in an emergency, we will reimburse you your total cost for a 30-day supply max minus your cost-share amount for the drug. You must submit a paper claim in order to be reimbursed.

Please note: After the mail-order pharmacy receives an order, it typically takes up to 10 days for you to receive your prescription drug. Specialty pharmacies fill high-cost specialty drugs that require special handling. Although specialty pharmacies may deliver covered medicines through the mail, they are not considered "mail-order pharmacies." Therefore, most specialty drugs are not available at the mail-order cost share.
